READING FOCUS 2021

Melland High School are pleased to launch our reading focus to develop reading skills, vocabulary and the enjoyment of reading books. Students, staff, parents and carers will be encouraged to take part in reading activities for at least 10 minutes a day.

Please encourage and support your child with this focus. Select the reading focus button on the school website and you will see a range of stories from staff to share with your child:

<http://www.melland.manchester.sch.uk/reading-focus/>

You can also access this national resource:

<https://library.thenational.academy/>

[Virtual School Library | Oak Academy](#)

Welcome to the Virtual School Library, brought you by Oak National Academy in partnership with the National Literacy Trust.. Every week a popular children's author or illustrator will provide you with free books, exclusive videos and their top three recommended reads.

MONDAY AM

Maths

Weather

- Go on the BBC website: <https://www.bbc.co.uk/weather>
- Find out what the weather will be like for Manchester today.
 - What is the highest temperature?
 - What is the lowest temperatures?
 - What does the weather symbol mean?
 - Is it going to rain?
- Challenge 1 – Find out what the weather will be like for the next 5 days in Manchester.
 - What day is going to be the hottest?
 - What day is going to be the coldest?
 - Is it going to rain?
- Challenge 2 – Compare the weather in 3 different towns or cities. Where is the weather going to be the nicest?
- Please ask your parent or carer to take pictures of you taking part in the activities or any work you do on paper (make sure you write your name clearly on your work) and email them to me at croberts@mhs.bfet.uk

MONDAY PM

English

WEEK 1

You have been working on the Pop Art focus for the prom.

Roy Lichtenstein was an American Pop Artist. He used comic strips as his main inspiration. His 'Pop Art Explosions,' were some of his most iconic pieces of work.

Google Roy Lichtenstein and answer these questions

1. When was Roy Lichtenstein born?
2. Which 4 colours did he use in his "Look Mickey" picture?
3. Find out the name of 2 of Roy Lichtenstein's famous paintings?
4. Design your name in the same way that Roy created this piece of art below.

Please email me your work.

I also want you to read/ listen to books being read as much as possible.

On youtube search for:

Books alive, storyline online, Lewis Kirk or kids audio books and there are thousands of books you can enjoy- I will want to know what you've read so make sure you keep a list!

Teacher: H Harrison | email: hharrison@mhs.bfet.uk

TUESDAY AM

ICT

The internet is now used for a huge part of our everyday living. A lot of activities and tasks now require internet.

1. Can you think of 5 things you use the internet for?
2. What are your top three favourite websites?
3. Why do you like to visit these websites?
4. Look at you favourite and see if you can find any of the features below:

TUESDAY PM

Science

Investigating heart rates

- You are going to investigate what happens to your heart rate when you do different activities.
- First you need to find your pulse, you can do this by placing your hand on your chest or two fingers on the inside of your wrist or on your neck.
- When you find your pulse count how many times is beats in one minute.
- Record your results in a table like this:

Activity	Number of heart beats in 1 min
Walking	
Star jumps	
Running on the spot	
Running up and down stairs	

- Now you are going to repeat this after doing different activities:
 - Walking
 - Star jumps
 - Running on the spot
 - Running up and down stairs
- Which activity made your heart beat the fastest? Why do you think this is?
- Please ask your parent or carer to take pictures of you taking part in the activities or any work you do on paper (make sure you write your name clearly on your work) and email them to me at croberts@mhs.bfet.uk

WEDNESDAY AM WRL

This term we are going to be learning about jobs in the community. Each week we are going to focus on the skills and qualities needed for a different career. Remember a skill is something you can learn and get better at through practise e.g. being good at reading. A quality is something to do with your personality e.g. being helpful.

Teachers

What do teachers do? Where do teachers work? Where in your house could a teacher work? Go on a scavenger hunt in your house – can you find any equipment a teacher might use? What do teachers wear – do you have anything in your house that you could put on to make you look more like a teacher? Role play with someone in your house pretending to be a teacher. What would they say? What would they do? If you're feeling adventurous you could even plan a lesson to teach to someone in your house.

(If you don't have access to any equipment or props, you could search online for images). Please ask your parent or carer to take pictures of you taking part in the activities or any work you do on paper (make sure you write your name clearly on your work) and email them to me at croberts@mhs.bfet.uk

Teacher: C Roberts | email: croberts@mhs.bfet.uk

WEDNESDAY PM

PE

Please get someone to email me a photo of you joining in.

TASK 1

Find something in your house you can use as a ball, a pair of rolled up socks, a small bottle of water, an apple.

Throw it and catch it and see how many times you can do it before dropping it. Let me know your highest score!

TASK 2:

Follow this 20 minute exercise class on YouTube. As we can't go out for a walk hopefully you'll be able to work up a sweat and get moving.

<https://www.youtube.com/watch?v=x3aogIZfVUI>

If you find another online class that you enjoy, please email me and we can share it with the rest of the group.

TASK 3:

Lie on the floor, stretch your body out so it's as long as it can be. Curl into a ball. Stretch out again. Repeat and rest for 2/3 minutes. Put on some quiet music and relax.

Teacher: H Harrison | email: hharrison@mhs.bfet.uk
